Kusi, a bright light in a dark valley!

Nestled in the high Andes of Peru, this Christian village shines God's love to needy inhabitants on the slopes of the majestic Mt. Huascarán (22k+ ft.) .

Built & funded by enthusiastic Work Teams!

Boys & Girls of the Callejon de Haylas

Children are our primary aim. We work to reach them in every way possible. From schools work, to community outreach, to our own Casa Girasoles for abandoned & at-risk children, we strive to show them Jesus' love and help them pursue Him in their lives.

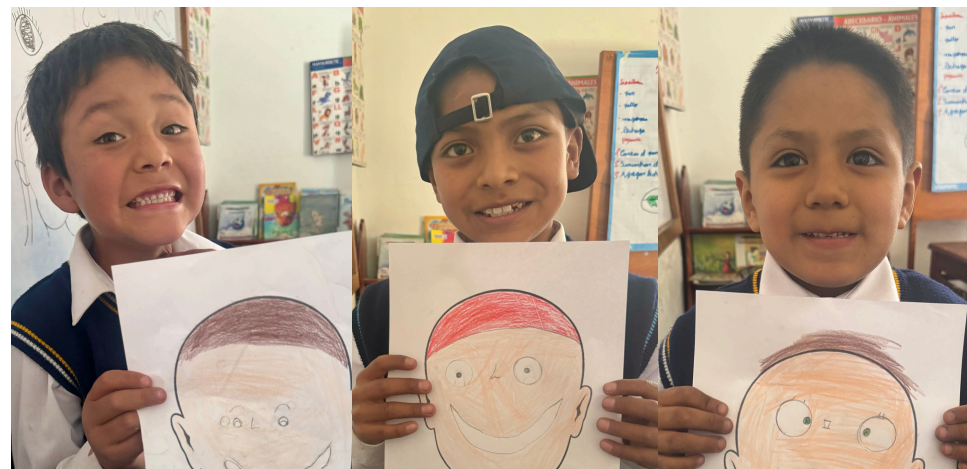

Scripture Union

Scripture Union started in Peru in 1927 by a British missionary at a school in a little village near Cusco. What started as a simple daily devotional with school children has since expanded to regions all over the country, reaching thousands of children and their families.
